VOYAGER JET CENTER SIGNS EXCLUSIVE PRIVATE CHARTER AGREEMENT WITH  
SENTIENT JET

*Agreement Will Generate Major Increase In Charter Demand For Private Aircraft Managed By  
Voyager Jet Center*

Pittsburgh, PA – April 14, 2005 – Voyager Jet Center, a Pittsburgh based private aircraft management and services firm headquartered at Allegheny County Airport, announced today that it has signed an exclusive agreement with Sentient Jet, the leading provider of private jet membership, for charter services for private aircraft owned or managed by Voyager Jet Center. Corporate and individual private aircraft owners who make their aircraft available for charter through Voyager Jet Center will benefit from the greatly increased volume of charter opportunities driven by the affiliation with Sentient Jet. The aircraft managed by Voyager Jet Center are operated under the certificate held by Atlantic Aviation Flight Services, a wholly-owned subsidiary of Sentient.

“Our aircraft charter demand has more than doubled since we began working with Sentient earlier this year,” said Richard Ryan, Voyager Jet Center president. “Our analysis has shown that membership programs, which Sentient pioneered and has perfected, will dominate the way private aircraft charter will be sold. This is great for Voyager Jet Center customers because Sentient has enormous charter demand and optimization. This makes Voyager Jet Center the best choice for private aircraft owners in the tri-state area who want to make sure their planes are generating revenue whenever they are not using them.”

Sentient created the private jet membership category when the company was founded in 1999. Through its membership program, Sentient provides a fully-refundable TravelCard that gives

customers access to a network of executive-class aircraft at a better value than fractional ownership, which has substantial long-term commitments and capital risk. Sentient membership is completely flexible, offering members the freedom to choose the category of jet for each and every flight based on the purpose of their trip.

“This agreement with Voyager Jet Center gives Sentient Jet exclusive access to an excellent fleet of aircraft, impeccably maintained, with seasoned, professional pilots,” said Steven Hankin, chief executive officer of Sentient. “Private jet membership is the future of private aviation for individuals and corporations. The Sentient model is simply the smartest way to approach private aviation. This is clearly reflected in the explosive and sustained growth that Sentient is experiencing.”

#### About Voyager Jet Center

Voyager Jet Center, based in Pittsburgh, PA, is a leading private aircraft management and services company with operations at Allegheny County Airport, the private aviation hub for western Pennsylvania. Voyager Jet provides aircraft management, charter arrangement, sales, maintenance, and hangar services. For additional information, visit [www.voyagerjet.com](http://www.voyagerjet.com).

#### About Sentient Jet

Sentient Jet, Inc., headquartered in Norwell, MA, is the leader in private jet membership. Members enjoy access to premium executive class aircraft with a guaranteed response time anywhere in the continental United States in ten hours or less. All flights are operated by FAR Part 135 carriers. Operators providing service for the Sentient Private Jet Membership program must meet both FAA safety requirements and additional Sentient safety standards. The Sentient program is the flexible, safe, convenient and economically prudent approach to private jet travel. More information is available at [www.sentient.com](http://www.sentient.com).
