**Voyager Jet Center Extends Its Experienced VIP Services to U.S. Open® Travelers**

***Athletes, executives and celebrities benefit from private aviation hub just minutes from Oakmont Country Club***

PITTSBURGH, April 23, 2007 – Voyager Jet Center, LLP, a leading private aircraft management and flight services company, is extending its VIP treatment to athletes, executives and celebrities arriving by private jet for the U.S. Open® at Oakmont Country Club near Pittsburgh June 11-17, 2007.

Voyager Jet Center, just 17 miles from Oakmont Country Club at Allegheny County Airport (AGC), offers exceptional convenience for U.S. Open® travelers compared to alternatives at Pittsburgh International Airport, 32 miles away. Seven miles from downtown Pittsburgh, VJC is also the most convenient 24-hour, full-service Fixed Base Operator (FBO) for travelers heading into town. Voyager's reputation as a provider of choice for business and recreational private aviation travelers and its exceptional convenience offers discriminating U.S. Open® travelers with demanding schedules the best of both worlds.

"Not only is the airport itself more convenient, but Voyager Jet Center has the most accessible location on the field and some of the lowest prices on Jet A fuel in the region," said Mike Dolan, VJC Vice President. "Because of our experience serving executive travelers, our highly trained customer service and ground support teams are uniquely prepared to assist U.S. Open® visitors with their journey to Oakmont – from complex catering requirements to transportation arrangements."

VJC's world-class private aviation facility and newly expanded ramp can support private aircraft ranging from a small-cabin Lear 31A to a large-cabin Gulfstream V.

"As a U.S. Open® sponsor ourselves, we are well versed on the week's events and stand ready to proactively assist in any way we can," Dolan said.

Also during U.S. Open® week, Voyager Jet Center will offer travelers a VIP Party Tent with complimentary food and beverages and double AVTRIP Points.
